

payNow

Swift digital payment portal for policyholders — without the extra steps of an account/password

Make self-service payments easier for policyholders with payNow. This web-based payment portal allows insureds to make quick payments using only their policy number and zip code, satisfying timely payments and policy retention.

- Industry's best pricing
- Intuitive and easy to use
- No user account or password creation required
- Enables self-service payment
- Accepts variety of payment options including card and ACH
- Automatically generates receipt
- Optional bank account verification feature to minimize NSF fees
- Integrates into any policy admin system
- Fully brandable
- Secure and PCI compliant
- Deployment in as little as 7 days

Intuitive User Experience

payNow features an easy-to-use dashboard.

The screenshot shows the payNow dashboard. At the top, there's a header with the payNow logo and links for Account overview, Download ID Card, and Log Out. The main content area is divided into sections. The 'Overview' section displays the 'AMOUNT DUE: -\$202.00' and 'REMAINING BALANCE: \$12,966.40'. It also shows the 'LAST PAYMENT: \$34.00 - Jun 15, 2022' and 'AUTOPAY: ON'. There are buttons for 'Make a payment' and 'Payment Schedule'. The 'Account' section lists details like Policy number (TXA0101099-00), Policy holder (JAMES JONES), Email, and Mailing address (115 MAIN STREET, SOUTH TEXARKANA, TX 75501). The 'Policy Information' section states 'This policy is active' with a table showing STATUS (Active), EFFECTIVE (May 1, 2022), and EXPIRATION (Nov 1, 2022). A 'Need Help?' section provides a 'Contact Customer Service' button with the phone number 866-385-6487.

This screenshot shows the payment selection screen. It features a 'Choose your payment amount.' section with two options: 'PAY MONTHLY -\$202.00' (Make one time payment and pay your current amount due) and 'PAY OTHER AMOUNT \$ 0.00' (Enter your custom payment). Below these options are 'Continue' and 'Back' buttons. The top of the screen shows the same account overview as the previous screenshot.

Functionality enables user to choose a one-time payment or set up recurring payments.
